Recommendations:

1. **Call-to-action buttons** (e.g., “Get a Free Freight Assessment”) should be bright and above-the-fold.
2. Integrate **icons and micro animations** for clarity and engagement.

3. Add **trust logos** (e.g., IATA, TAPA, client brands, or certifications) to strengthen credibility.
4. For paid ads or LinkedIn campaigns, consider using this structure for landing pages, while keeping social posts more condensed.

5. Real Airfreight Scenarios We Handle

6.  **Aircraft-on-Ground (AOG)**
 - Emergency delivery of aircraft parts within 12 hours to avoid costly ground time
 - Example: Turbine components Frankfurt → Dubai overnight
7.  **Oversized Machinery Transport**
 - Safe and compliant handling of heavy industrial equipment
 - Example: 3.5-ton CNC machine Germany → Malaysia
8.  **Cold Chain Pharma Shipments**
 - Temperature-controlled logistics for sensitive pharmaceuticals
 - Real-time tracking & compliance with GDP standards
 - Example: Insulin Frankfurt → Lagos with thermal packaging
9.  **Perishable Goods Logistics**
 - Time-critical delivery of perishables including fresh produce, seafood, and flowers
 - Active/passive cooling solutions & fast customs processing
 - Example: German strawberries → Doha in 24 hours
10.  **Dangerous Goods (DGR) Transport**
 - Certified DGR handling (IATA standards) for batteries, chemicals, and more
 - Full documentation, labeling & airline coordination
 - Example: Lithium-ion batteries Frankfurt → Riyadh
